Dold Packing House Resumes Operations.

Mr. George Dold, manager of the Dol-Packing plant, who was down fown yes terday morning notified the EAGLE tha they had been putting to some new machinery and appliances and that every thing being in shape he had commenced the purchase of hogs. Some time during the present week killing will be resumed in a moderate way and the new machinery tested. He did not say on how large a scale they would run, but from the fact that one of the largest packing concerns in Kansas City which has been lying idle for some time resumes opporations this week the indications are that the markets are getting into shape again. It is certain that our business men and people generally would be very much pleased to see both of the plants in full operation again.
